

Do while loop

```
class Dowhileloop
{
    public static void main(String arg[])
    {
int a=0;
        do
        {
            if(a%20==0)
            {
                System.out.println(a);
            } a++;
        } while(a<=100);
    }
}
```

Output:

```
C:\Users\ankus\OneDrive\Desktop\ankush 05>javac Dowhileloop.java

C:\Users\ankus\OneDrive\Desktop\ankush 05>java Dowhileloop.java
0
20
40
60
80
100
